Wholesome and Healthful Meat Food Products

A Lesson to The Consumer

On hand of U. S. Government statistics covering the last fiscal year there were 25,000,000 pounds of hog meat; 286,954 whole cattle carcasses and 731,361 parts of cattle carcasses condemned in approximately eight hundred American packing plants where U. S. inspection is maintained. All this meat was found diseased and not fit for human food.

Do you think for one minute that Uncle Sam would destroy such huge amounts of meats if the use of them were not dangerous to the human system? Or if such meats could be used as human food in meat food products, mainly in sausage? Would you eat or let your children eat sausage made from diseased meats liable to condemnation by the Government—and take a chance?

Think again—and then demand at your dealers only U. S. inspected meat and sausage such as the REILAND PACKING COMPANY is producing. Every piece of sausage shows the U. S. Government inspected and passed stamp Establishment 760.

U. S. Government meat inspection alone will protect you and your family which you have to feed as you will be absolutely sure to get sausage which is made from healthy, thoroughly U. S. inspected and passed stock.

REILAND PACKING BRAND sausage is guaranteed pure, wholesome and fit for human food by Government authority.

Y.M.C.A. RALLY WAS VERY SUCCESSFUL

The Y. M. C. A. rally held at the Amusement hall last Friday evening was a most successful affair from start to finish, there being a large crowd in attendance and everybody that took part in the affair entered into the spirit of the occasion in a manner that was very gratifying. The matter was started by a parade from the St. Paul chapel, which was taken part in by the local band, members of the city lodges and others who were interested in the matter and were anxious to make it a success, including Boy Scouts, school children and others.

It was expected that A. H. Elliott, general secretary of the Y. M. C. A., would be present to address the assembly, but he was compelled to cancel his engagement at the last moment on account of illness, and Attorney R. R. Goggins was prevailed upon to make the speech of the evening. It is safe to say that the people of Grand Rapids did not lose anything by the change, for Mr. Goggins gave them a talk that was full of patriotism, and one of the best things of his kind that has ever been heard in this city. Great enthusiasm prevailed during the meeting and it was evident that the speaker had touched the hearts of those present.

Actual work of soliciting funds was begun on Monday, the different wards being handled separately, and the reports that have been coming in are very favorable and it is indicated that this city will subscribe its quota without any difficulty.

TALK OF EXTENDING ST. PAUL LINE TO FAIRCHILD

Pittsville Record: Supt. Ober of Wausau, was a visitor in the city Monday and with the section crew went over the Arpin branch of the St. Paul with a view to getting an idea of the feeling of residents along the line as to the proposed action of the St. Paul people of tearing up the line.

It is understood he met with some resistance at Vesper, where he was met by a delegation of the business men of that town remonstrating against dismantling the road. Life, however, was entered at Arpin, we understand. Vesper put in about the only kick there was made, and just what effect this will have with the St. Paul people is, of course, not known as yet. It is, however, made at all the matter will have to be taken up by the railroad commission of the state.

Heretofore it has been understood that the line would be taken up from Vesper to Arpin only, but the route proposed by Mr. Ober Monday was the whole of the branch from Pittsville to Fairchild. It is reported that the St. Paul road has bought what is known as the Fairchild railroad, built in the first place for a logging road, but converted into a standard track road with regular running schedule. This is the truth some day will find the Roadside line connected up with the Fairchild end of this line with a line from Pittsville to Fairchild. The connecting line from Roadside to Fairchild would mean the building of little more than twenty miles of new road. It is expected that Pittsville would be in this line, and placed on the main road with a line running out from here to somewhere near Cary Station.

These in charge of the Red Cross work in this city report that they are not receiving as much help as they should in a city of this size, and the ladies are asked to give a part of their time to this work.

Friends of the Kaiser have been circulating the report that the work that is done by the Red Cross workers is all sold to a wholesale house, which later sells it at retail, and that the soldiers never receive the socks, sweaters and other things that are sent for them. This is not a fact and the circulation of such reports is an injustice to everybody concerned. A person, who would knowingly circulate a report of this kind is as much of an enemy to the country as any other traitor who tries to hamper proceedings by telling stories that are not true.

WILL PROPERLY CELEBRATE

It is the intention to have a celebration when the white way in this city is completed, and arrangements are already in progress. The committee in charge of the affair is composed of W. P. Glavo, J. R. Kagan, R. F. Matthews and A. C. Otto, and it is expected that there will be something doing when the night comes. It is the intention to hold a dance at the Amusement hall, and the band will be out and there will probably be a parade should the weather permit. The details of the affair have not been arranged as yet, but considering who has charge of the affair, there is no question but what it will be all right.

DANCE TONIGHT

DEATH OF REV. FRANKKE

Rev. Gerhard Frankke died at his home in Watertown on Monday after an illness of some length, cause of death being heart trouble. Mr. Frankke resigned his pastorate in that city several weeks ago on account of sickness, but was unable to regain his health. He is survived by his wife, formerly Miss Mamie Herschle of this city, and one son and one daughter. Rev. Frankke was known to number of our citizens, having visited here on several occasions.

SLACKER IS ARRESTED

A man by the name of Eric Frederick Vogel was arrested here on Friday by Chief of Police Payne, the man having been in this locality for some time past. It appears that Vogel had left Chicago last June, and had been making himself as scarce as possible since that time, but that he had become pretty tired of his matter and was about ready to surrender. He was taken back to Chicago Saturday.

WYVILLE MAN LOSTS HAND

Wm. Feack, a photographer of Wyville, was fearfully injured while attempting to take a flashlight picture of the members at the Camp Douglas Club last Saturday evening. The machine exploded and injured his hand so severely that it had to be amputated above the wrist. He also received a few scalp wounds. Mr. Cron took the injured man to the Mauston hospital where the operation took place.—New Lisbon Argus.

DALY'S THEATRE

—Miss Rose Dean, leading woman in "The End of a Perfect Day" which comes to Daly's Theatre tonight, is one of the youngest leading persons on the stage today, and she received her understanding of human nature in Marshall Field's department store, in Chicago.

LUTHERANS HOLD BIG MEETING HERE

The Lutherans of this city and the Wisconsin valley celebrated the 40th anniversary of the Reformation at the Amusement hall on Sunday, on which occasion there was a gathering of about 500 of the different delegations from across the state. The church band from that city with them, and they furnished music for the occasion. The service was held in a large hall made up of the different churches that rendered vocal selections appropriate for the occasion.

WENT TO CHURCH WITH WIFE; KILLS HIMSELF

Wausau, Nov. 13.—Albert G. Chady, a prosperous farmer of the town of Wausau, a few miles from this city, shot himself through the temple Sunday afternoon in a fit of depression, caused by his being summoned as a witness in a saloon case in which selling liquor to minors was involved. Mr. Chady was well to do and was popular, and the jury found that he was sane at the time of his shooting, and that he had attended church with his wife.

GAS CAN EXPLODES

Alvin Thimerson of Spekeville, lies at the Marshallfield hospital as a result of bad burns received while trying to thaw out a carburetor on a gasoline engine.

Mr. Thimerson wanted to start his tractor engine. Finding everything pretty cold he saturated a rag with gasoline and lighted it, placing it between the carburetor and the engine. The rag caught fire and while pouring more gasoline on the rag from a can an explosion occurred, the can blowing up and scattering gasoline over Mr. Thimerson. He fairly got the fire out of his clothing, but not before he had set fire to one of his barns, which burned. He has about an even chance of living, so the statement from the hospital says.

REHABILITATE MAY

Miss Minnie Bublitz of Port Edwards and Mr. George May of Neillsville were married at the east side Lutheran church in this city Monday afternoon. Rev. Paulz officiating. They were accompanied by Miss Louise May and Mr. Carl Scheffeborn.

Following the ceremony a wedding dinner was served at the home of the bride's mother in Port Edwards, and the young couple left the next day for Neillsville, where the groom is employed and where they will make their home.

FAMILY REUNION

A family reunion was held at the home of Mr. and Mrs. G. Sawatzke on Sunday at which there was a very pleasant time. Those in attendance were Mr. and Mrs. Adam Lipke and children, Mr. and Mrs. Charles Sawatzke and daughter of Pittsville, Mr. and Mrs. John Freitag, Mr. and Mrs. Rudolph Freitag of Milwaukee, Mr. and Mrs. Wm. Neitzel of Mt. Pleasant, and Mrs. Aug. Freitag. Those in attendance at the reunion also attended the 40th anniversary of the reformation while in the city.

DEATH OF REV. FRANKKE

Rev. Gerhard Frankke died at his home in Watertown on Monday after an illness of some length, cause of death being heart trouble. Mr. Frankke resigned his pastorate in that city several weeks ago on account of sickness, but was unable to regain his health. He is survived by his wife, formerly Miss Mamie Herschle of this city, and one son and one daughter. Rev. Frankke was known to number of our citizens, having visited here on several occasions.

BRIDGE AT PETE-EX-WELL

The highway commission has decided that the new bridge to be constructed across the Wisconsin river between Adams and Juncos counties, shall be located at Pete-Ex-Well, which is the site of the present bridge. The cost of the new bridge is estimated at \$60,000, of which the state of Wisconsin will stand \$20,000. Adams county \$20,000 and Juncos county \$20,000. The new bridge will be of steel construction with an 18-foot driveway.

ULBERG-GLEUSING

Miss Alice Ulberg of Taylor and Mr. Henry Gleusing of Hansen were married at 5:30 o'clock Monday morning at the Methodist church. Rev. C. C. Becker officiating. They were accompanied by Miss Alvin Gleusing and Mr. Roy Ulberg. The young couple will make their home in the town of Hansen where the groom is engaged in farming.

HORSES SELLING CHEAP

It is reported that one team of horses on the market square on Tuesday was sold for the magnificent sum of \$12, which is not a very high price for horses of that quality. However, that they were not race horses nor blooded Percherons, or anything of that sort.

NEW RED CROSS CLASS

A new class for instruction in surgical dressing will be formed next week. Any lady interested in Red Cross work and anxious to be of some assistance, please call Mrs. Guy O. Babcock, and receive necessary information.

MARSHFIELD WINS FROM LOCAL HIGHS

The game of football between the first team from Marshfield and Grand Rapids on Saturday resulted in a victory for the visitors by a score of 3 to 6.

It was evident from the start that the visitors were going to win the game, as there was no time when the boys made anything like the showing they have in other games, as the visitors played all around them and apparently had no trouble in making steady gains that each time ended in score.

However, it is no more than just to state that our boys played under a severe handicap. It had been reported before the game that one of our local boys, a former resident of Marshfield, had telephoned the signals that were being used there to the boys at Marshfield, and the result was that the locals made an attempt to work up a new set of signals in the short time at their disposal, which, of course, had been done in a day's time, the result being that they were not able to do the playing that they would otherwise have done. An investigation of the matter after the game has shown that the information that one of the boys here had talked to a Marshfield boy, and had told him that there was a strong team here and that they would have to come down prepared to put in the best of their life, but that he had not told any of the signals. Those who heard the telephoning had apparently drawn upon their imagination to a certain extent, and supposed more than they had heard, so that if there was any confusion on account of this matter it was because of the false report that had been circulated rather than because of any information that had been imparted to the boys there. There is no question but what the matter had some bearing on the way the locals played, and to a certain extent it was responsible for the triumph that they got. It was an unfortunate affair, and one to be regretted, but it is probable that all those interested in the matter thought they were doing the right thing under the circumstances.

The game between the second teams was as much in favor of Grand Rapids as the other game was for Marshfield. The locals scored 39 points in the first half of the game, after which the visitors admitted their defeat and did not play the other half.

Our local boys have made a good showing this year, this having been the first loss they have had, and while they might not have won, it is entirely probable that they would have made a much better showing under normal conditions.

AUTO TURNED OVER

Ralph Mills, who lives near the pavilion in the town of Port Edwards, met with an accident Sunday that might easily have proven fatal, notwithstanding which fact he came out of the mishap without a scratch to show for his experience.

He was driving south on the cement road this side of the Port Edwards school house, going along at a pretty good rate of speed, when his car ran off the pavement into the sand. In attempting to get back onto the pavement the right hand front wheel of the car dug into the soft sand, and the automobile turned completely over. Some people who were passing in another car stopped with the intention of picking up the corpse when they were surprised to see a government car on the scene, and a moment afterward Mr. Mills crawled out, brushed the sand from his clothes and commenced to pick up his belongings, which had become pretty well mixed up.

In the meantime the car in charge of Motorman Bunde had come up and stopped, the auto being right across the car track on its side. With the help of the crowd and passengers on the street car the auto was tipped up onto its wheels, one of the fenders straightened up a bit, the engine given a twist, and Mr. Mills proceeded on his way, having suffered no bodily damage whatever. The windshield of the car was smashed and the radiator damaged and one fender pretty badly bent, but otherwise no damage was done.

It is common practice for automobile drivers to open her out a little when passing over the cement road between this city and Port Edwards, but it is a dangerous practice, and where the road is bordered with soft sand, it is well to keep a car under control at all times. When an automobile is traveling at the rate of 30 miles an hour it does not take very long for something to happen, and if a patch of soft sand is encountered the driver has no control whatever over his car.

CONFISCATION REPORTS FALSE

A few days ago there appeared in the Chicago Herald an article stating that certain persons representing themselves as officers of the Red Cross, had confiscated goods in the homes of people at Rio, Wisconsin. The State Council of Defense has made a thorough investigation of this matter and has found the reports to be absolutely false. It is of a place in the pernicious and utterly untrue statements maliciously circulated in Wisconsin that the government would confiscate the personal goods of those people who signed up for the Red Cross. All such reports are utterly false.

TOBACCO FOR THE SOLDIERS

One of our public-spirited citizens has had six barrels of tobacco, in red, white and blue, so as to be as attractive as possible, and these he has had placed about the city in convenient places where people so inclined may drop in a package of tobacco. These barrels will be emptied from time to time, and the contents sent to the soldiers, so that any person who has a package of tobacco in his possession, or one of our boys will receive the package in time and that it will no doubt be appreciated by the soldier who receives it. While the barrels have not been out long enough as yet to discover how they will be received by the general public, the experience in other places has been such as to cause the belief that they will become quite popular.

WISCONSIN VOTERS DO NOT FAVOR PLAN

The plan of Governor Philipp to appoint a successor to the late Paul C. Huston does not seem to be meeting with the favor of the voters. The plan would when he proposed it. All of the newspapers, through the state, with few exceptions, seem to be in favor of having the people elect a United States Senator, and the people in general seem to be pretty much in favor of the same thing.

It certainly was a confession on the part of Gov. Philipp that he considered that his state was not loyal to the government, and that he was afraid that the people might elect a man who would be a detriment to the government rather than a help to it. However, the people have the right to elect their senator, and they seem to want the privilege. A majority of them are disloyal enough to elect a man who would be a drawback to the government, now is a pretty good time to find it out. The idea of disloyalty is different in the minds of different people, or even at the present time there is no reason why every man should not have the chance to express his opinion on the matter.

Personally, we believe that Wisconsin is just as loyal as any of the states of the Union, and the actions of the late Governor Huston, in the "booby" of the young men of the state have a sponged as ready to the call of their country as any state, and much more so than some of the eastern states. The young men of Wisconsin have been doing a lot of worrying about Wisconsin and wondering what we are going to do. Also in the sale of bonds, there has been no more difficulty in selling them than in any other sections, so that it would seem that there is really nothing to worry about. But, whether or not there is anything to worry about, now would be the time to find out. Let us, let us have an election.

WHEAT AND MEAT MUST BE CAREFULLY CONSERVED

Wisconsin's restaurants and hotels, on the whole, and houses as well, are falling into line and conserving wheat and meat in every way possible. There are a few, however, who have not yet seen fit to do so.

The proclamation of the Food Administration designating Tuesdays as meatless and Wednesdays as wheatless days, is in effect an order from the federal government. Every patriotic citizen is expected to obey the mandates of the Food Administration loyally and without delay.

NEW STORE AT VESPER

Vesper Pioneer: O. Stolen and Mr. Kimball have been around here the past week or more getting the farmers of this county and city interested in Farmers' Association store at Vesper. They have met with success as over \$7,000 was subscribed for this purpose.

As soon as the members of the head office will come here, they will make arrangements for starting the store by taking over the stock of one of the merchants here, or building a new plant.

A carload of coal has already been shipped in and sold to stockholders at a saving of over \$3 per ton. A great saving will also be effected on kind of fuel and flour. The main office is in Wausau, and the company is doing business in 16 states.

PATRIOTIC MEET AT DALY'S OPERA HOUSE

Under the auspices of the Knights of Columbus, and for the purpose of fostering patriotism and support of the government, there will be a big patriotic meeting held at Daly's opera house Friday evening, November 16th, at 8 p. m. to which the public is invited and for which there will be no admission fee, nor will there be any soliciting for funds for any purpose.

For the purpose of furthering the interests of the government, the Knights of Columbus are holding the meetings through the country. The speaker of the evening will be State Senator Roy P. Wilcox of Eau Claire, one of the best known attorneys in the state and an orator of more than state-wide renown. STATE SENATOR ROY P. WILCOX

Who will give patriotic address at Daly's opera house Friday evening, Nov. 16, under auspices of K. of C. The public is urged to attend.

Session of the Legislature, Senator Wilcox named the name of "The War Senator."

Wood County Post No. 22 G. A. R. and the Wausau Daily Argus will attend the meeting in a body.

The public is urged to be present and join in the patriotic work and encourage the government in its activities.

In mentioning a similar affair held at Merrill, the Herald has the following to say:

"Merrill's biggest patriotic rally was held at the Badger Hotel last evening, when a local branch of the Wisconsin Loyal Legion was formed. Senator Roy Wilcox of Eau Claire, delivered a stirring address, dealing with the loyalty of Americans during this great world-wide conflict, in which the United States is now engaged."

"Senator Wilcox is a speaker with a state-wide reputation, and his talk last evening to Merrill people, who filled the opera house to its capacity, was one filled with facts and outlined what every loyal American citizen is expected to do."

"A parade forming at the court house, marched to the opera house. The Merrill Concert band led, followed by the Merrill Training company and then by a large number of citizens."

"Objectors to the world war who are causing the national administration trouble at the present time, were placed in two classes by the speaker last evening. First, the man who says that this country has not as yet been invaded and that he does not believe in going to Europe; second, the fellow who does not believe war is justifiable under any circumstances."

"Senator Wilcox said that there was no such thing as 'German-Americans' in the United States; that Americans of German birth were 100 per cent Americans."

"The senator gave a history of all the previous wars that this country had been engaged in and showed that they had all been fought for democracy and liberty. He reviewed the events that had brought the war to America, citing the many violations of international law and humanity which our enemy has committed."

DALY'S THEATRE

—When "The End of a Perfect Day" was first produced several months ago in Chicago, one of the critics on one of the big papers, said that it was the beginning of a new era in comedy. The public has heard of the wearing of uninteresting drawing-room plays and so the success of "The End of a Perfect Day" has proven that comedy and good fun is what the public wants. "The End of a Perfect Day" will be the attraction at Daly's Theatre tonight.

Wholesome and Healthful Meat Food Products

A Lesson to The Consumer

On hand of U. S. Government statistics covering the last fiscal year there were 25,000,000 pounds of hog meat; 286,954 whole cattle carcasses and 731,361 parts of cattle carcasses condemned in approximately eight hundred American packing plants where U. S. inspection is maintained. All this meat was found diseased and not fit for human food.

Do you think for one minute that Uncle Sam would destroy such huge amounts of meats if the use of them were not dangerous to the human system? Or if such meats could be used as human food in meat food products, mainly in sausage? Would you eat or let your children eat sausage made from diseased meats liable to condemnation by the Government—and take a chance?

Think again—and then demand at your dealers only U. S. inspected meat and sausage such as the REILAND PACKING COMPANY is producing. Every piece of sausage shows the U. S. Government inspected and passed stamp Establishment 760.

U. S. Government meat inspection alone will protect you and your family which you have to feed as you will be absolutely sure to get sausage which is made from healthy, thoroughly U. S. inspected and passed stock.

Y.M.C.A. RALLY WAS
VERY SUCCESSFUL

The Y. M. C. The matter was started by a parade from the St. Paul church, which was taken part in by the local band, members of the city lodges and others who were interested in the matter and were anxious to make it a success, including Boy Scouts, school children and others.

It was expected that A. H. Elliott, general secretary of the Y. M. C. A., would be present to address the assembly, but he was compelled to cancel his engagement at the last moment on account of illness, and Attorney B. W. Goggin, was prevailed upon to make the speech of the evening. It is safe to say that the people of Grand Rapids did not lose anything by the change, for Mr. Goggin gave them a talk that was full of patriotism, and one of the best things of its kind that has ever been heard in this city. Great enthusiasm prevailed during the meeting and it was evident that the speaker had touched the hearts of those present.

Actual work of soliciting funds was begun during the different words being handled separately, and the reports that have been coming in are very favorable and the indications are that this city will subscribe its quota without any difficulty.

TALK OF EXTENDING ST.
PAUL LINE TO FAIRCHILD

Pittsville Record: Supt. Ober of Wausau, was a visitor in the city Monday and with the local press went over the Arpin branch of the St. Paul with a view to getting an idea of the feeling of residents along the line as to the proposed action of the St. Paul people of tearing up the line.

It is understood he met with some resistance at Vesper, where he was met by a delegation of the business men of that town, remonstrating against dismantling the road.

A little complaint was entered at Arpin, we understand. Vesper put in about the only kick there was made, and just what effect this will have is not known as yet. If complaints are made at all the matter will have to be taken up by the railroad commission of the state.

Heretofore it has been understood that the line would be taken up from Vesper to Arpin only, but the route proposed by Mr. Ober Monday was the whole of the branch from Pittsville Junction to Arpin.

Rumor is persistent that the St. Paul road has bought what is known as the Fairchild railroad, built in the first place for a logging road, but since converted into a standard track road with regular train service. If this is the truth some day will find the road made line connected up with the Fairchild end of this line with a thru line from Pittsville to Eau Claire.

The connecting line from Eau Claire to Fairchild would mean the building of little more than twenty miles of new road. It is expected that Pittsville would, in this event, be placed on the main road, with a line running out from here to somewhere near Cary Station.

WANT MORE WORKERS

Those in charge of the Red Cross work in this city report that they are not receiving as much help as they should in a city of this size, and the ladies are asked to give a part of their time to this work.

Friends of the cause have been circulating the report that the work that is done by the Red Cross workers is all sold to a wholesale house, which later sells it at retail, and that the soldiers never receive the socks, sweaters and other things that are knit for them. This is not a fact and the circulation of such reports is an injustice to everybody concerned. A person who would knowingly circulate a report of this kind is as much of an enemy to the country as any other traitor who tries to hamper proceedings by telling stories that are not true.

WILL PROPERLY CELEBRATE

It is the intention to have a celebration when the white war in this city is completed, and arrangements are already in progress. The committee in charge of the affair is composed of W. F. Cleve, J. R. Ragin, R. F. Matthews and A. C. Otto, and it is expected that there will be something doing when the night comes. It is the intention to hold a dance at the Amusement hall, and the band will be out and there will probably be a parade should the weather permit. The date of the affair has not been arranged as yet, but considering who has charge of the affair, there is no question but what it will be all right.

LUTHERANS HOLD
BIG MEETING HERE

The Lutherans of this city and the Wisconsin valley celebrated the 40th anniversary of the Reformation at the Amusement hall on Sunday, on which occasion there was a gathering of about 1500 of the faith. The celebration from Merrill brought the church band from that city with them, and they furnished music for the occasion, besides which there was a large choir made up from the Lutheran churches that rendered vocal selections appropriate for the occasion.

The city was well filled with people during the day, and the services were largely attended. The afternoon meeting was addressed by Prof. August Pieper, D. D., of the Wauwatosa Lutheran seminary, he speaking in German. In the evening Rev. Wm. Czarniecki, Ph. D., of Sheboygan, delivered a sermon in English, which was listened to by a large audience.

It was a most successful meeting from start to finish, there being a large number of interested members at all the meetings, and those who attended from a distance expressed themselves as being well satisfied with the time spent. A large number of them traveling for quite a distance. As the weather was ideal considering the time of year, these all got home again without any mishap caused by bad roads or weather conditions.

WENT TO CHURCH WITH
WIFE; KILLS HIMSELF

Waupaca, Nov. 13.—Albert G. Chady, a prosperous farmer from this city, shot himself through the heart here in a saloon case, in which selling liquor to minors was involved. Mr. Chady was well known and popular and the jury found that he killed himself in a fit of despondency after he had attended church with his wife.

GAS CAN EXPLODES

Alvin Timerson of Spokeville, lies at the Marshall hospital as a result of bad burns received while trying to thaw out a carburetor on a gasoline engine.

Mr. Timerson wanted to start his tractor engine. Finding everything pretty cold he saturated it with gasoline and lighted it, placing it under the carburetor. This burned out before he was able to start the engine, and while pouring more gasoline on the rag from a can an explosion occurred, the can blowing up and scattering gasoline over Mr. Timerson. He finally got the fire out of his clothing, but not before he had set fire to one of his barns, which burned. He has about an even chance of living, so the statement from the hospital says.

BUBBLITZ-MAY

Miss Minnie Bubblitz of Port Edwards and Mr. George May of Neillsville were married at the east side Lutheran church in this city Monday afternoon. Rev. Pautz officiating. They were accompanied by Miss Louise May and Mr. Carl Scheffelein.

Following the ceremony a wedding dinner was served at the home of the bride's mother in Port Edwards, and the young couple left the next day for Neillsville, where the groom is employed and where they will make their home.

A FAMILY REUNION

A family reunion was held at the home of Mr. and Mrs. G. Sawatzke on Sunday at which there was a very pleasant time. Those in attendance were Mr. and Mrs. Adam Lipke and children, Mr. and Mrs. Charles Soeder, Mr. and Mrs. John Freitag, Mr. and Mrs. Rudolph Freitag of Milwaukee, and Mr. and Mrs. Wm. Neitzel and Mr. and Mrs. Aug. Freitag. Those in attendance at the reunion excoriated the 40th anniversary of the reformation while in the city.

DEATH OF REV. FRANCKE

Rev. Gerhard Francke died at his home in Watertown on Monday after an illness of some length, cause of death being heart trouble. Mr. Francke resigned his pastorate in that city several weeks ago on account of sickness, but was unable to regain his health. He is survived by his wife, formerly Miss Mamie Herschle of this city, and one son and daughter. Mr. Francke was known to number of our citizens, having visited here on several occasions.

SLACKER IS ARRESTED

A man by the name of Eric Frederick Vogel was arrested here on Friday by Chief of Police Payne, the man having from Chicago, and having been visiting in this locality some time past. It appears that Vogel had left Chicago last June, and had been making himself as scarce as possible since that time, but that he had become pretty tired of the matter and was now ready to surrender. He was taken back to Chicago Saturday.

WYVILLE MAN LOSES HAND

Wm. Feack, a photographer of Wyville, was fearfully injured while attempting to take a flashlight picture of the members at the Camp Douglas Club last Saturday evening. The main exploded and injured his hand so severely that it had to be amputated above the wrist. He also received a few scalp wounds. Dr. Cron took the injured man to the Mauston hospital where the operation took place. —New Lisbon Argus.

MARSHFIELD WINS
FROM LOCAL HIGHS

The game of football between the first teams from Marshfield and Grand Rapids on Saturday resulted in a victory for the visitors by a score of 37 to 6.

It was evident from the start that the visitors were going to win the game, as there was no time when the boys made anything like the showing they have in other games, as the visitors played all around them and apparently had no trouble in making steady gains that each time ended in success.

However, it is no more than just to state that our boys played under a severe handicap. It had been reported before the game that one of the Marshfield players had been injured, and had telephoned the signals that were being used here to the boys at Marshfield, and the result was that the locals made an attempt to work up a new set of signals in the short time at their disposal, which, of course, cannot be done in a day's time, the result being that they were not able to do the playing that they would otherwise have done. An investigation of the matter after the game brought out the information that one of the boys here had talked to a Marshfield boy, and had told him that there was a strong team here and that they would have to come down prepared to put up the battle of their life, but that he had not told any of the signals. Those who heard the telephoning had apparently drawn upon their imagination to a certain extent, and really reported more than they had heard, so that if there was any confusion on account of this matter it was because of the false report that had been circulated.

There is no question but that what the matter had some bearing on the way the locals played, and to a certain extent was responsible for the trimming that they got. It was an unfortunate affair, and one to be regretted, but it is probable that all those interested in the matter thought they were doing only the right thing under the circumstances.

The game between the second teams was as much in favor of Grand Rapids as the other game was for Marshfield, the locals securing 30 points in the first half of the game, after which the visitors admitted their defeat and did not play the other half.

Our local boys have made a good showing this year, and have had the first loss they have had, and while they might not have won, it is entirely probable that they would have made a much better showing under normal conditions.

AUTO TURNED OVER

Ralph Mills, who lives near the pavilion in the town of Port Edwards met with an accident Sunday that might easily have proved fatal, and the fact he came out of the mixup without a scratch to show for his experience.

He was driving south on the cement road this side of Port Edwards, and was going along at a pretty good rate of speed, when his car ran off the pavement into the sand. In attempting to get back onto the pavement the right hand front wheel dug into the sand, and the automobile turned completely over. Some people who were passing in another car stopped with the intention of picking up the corpse when they were surprised to see the driver under the car, and a moment afterward Mr. Mills crawled out, brushed the sand from his clothes and commenced to pick up his belongings, which had become jammed under the car. In the meantime the street car in charge of Mortimer Bunde had come up and stopped, the auto being right across the car track on its side. With the help of the car and passengers on the street car the auto was tipped up onto its wheels, one of the fenders straightened up a bit, the engine given a twist, and Mr. Mills proceeded on his way, having suffered no bodily harm. The windshield of the car was smashed and the radiator damaged and one fender pretty badly bent, but otherwise no damage was done.

It is common practice for automobile drivers to open her out a little when passing over the cement road between this city and Port Edwards, but it is a dangerous practice, and where it is well to keep a car under control at all times. When an automobile is traveling at the rate of 30 miles an hour it does not take very long for something to happen, and if a driver of soft sand is encountered the driver has no control whatever over his car.

BRIDGE AT PETE-EN-WELL

The highway commission has decided that the new bridge to be constructed across the Wisconsin river between Adams and Juneau counties, shall be located at Pete-en-Well, which is the site of the present bridge. The cost of the new bridge is estimated at \$60,000, of which amount the state of Wisconsin will stand \$20,000; Adams county \$13,407.50 and Juneau county \$26,592.50. The new bridge will be of steel construction with an 18-foot driveway.

ULBERG-GLUESING

Miss Alice Ulberg of Taylor and Mr. Henry Gluesing of Hansen were married at 3:30 o'clock Monday morning at the Methodist parsonage, Rev. C. C. Becker officiating. They were accompanied by Miss Alvina Gluesing and Mr. Roy Ulberg. The young couple will make their home in the town of Hansen where the groom is engaged in farming.

HORSES SELLING CHEAP

It is reported that one team of horses on the market square on Tuesday was sold for the magnificent sum of \$12, which is not a very high price for horses. It is admitted, however, that they were not race horses nor blooded Percherons, or anything of that sort.

NEW RED CROSS CLASS

A new class for instruction in surgical dressing will be formed next week. Any lady interested in Red Cross work and anxious to be of some assistance please call Mrs. Guy O. Babcock, and receive necessary information.

TOBACCO FOR THE SOLDIERS

One of our public-spirited citizens has had six barrels painted in red, white and blue, so as to be as attractive as possible, and these he has had placed about the city in convenient places where people so inclined may drop in a package of tobacco. These barrels will be emptied from time to time and the contents sent to the soldiers, so that any person who drops a package of tobacco into one of the barrels will know that some one of our boys will receive the package in time and that it will no doubt be appreciated by the soldier who receives it. While the barrels have not been out long enough as yet to discover how they will be received by the general public, the experience in other places has been such as to cause the belief that they will become quite popular.

WISCONSIN VOTERS
DO NOT FAVOR PLAN

The plan of Governor Philipp to appoint a successor to the late Paul O. Husting does not seem to be meeting with the favor through the state that the governor evidently thought it would when he proposed it. All of the newspapers throughout the state, with few exceptions, no matter what their political bias, seem to be in favor of having the people elect a United States Senator, and the people in general seem to be pretty much in favor of the same thing.

It certainly was a confession on the part of Gov. Philipp that he considered that his state was not loyal to the government, and that he was afraid that the people might elect a man who would be a detriment to the government rather than a help at this time. However, the people have the right to elect their senator, and they seem to want the privilege. If a majority of them are disloyal enough to elect a man who would be a drawback to the government, now is a pretty good time to find it out. The idea of disloyalty is different in the minds of different people, and even at the present time there is no reason why every man should not have the chance to express his opinion on the matter.

Personally, we believe that Wisconsin is just as loyal as any of the states of the Union, and the actions of the governor in carrying out this belief. The young men of the state have responded as readily to the call of their country as any state, and much more so than some of the eastern states, and they have been doing a lot of worrying about Wisconsin and wondering what we are going to do. Also in the sale of bonds, there has been no more difficulty in getting the state to raise money in other sections, so that it would seem that there is really nothing to worry about. But, whether or not there is anything to worry about, now would be the time to find out about it. We say, let us have an election.

WHEAT AND MEAT MUST
BE CAREFULLY CONSERVED

Wisconsin's restaurants and hotels, on the whole, and homes as well, are eating and drinking and using wheat and meat in every way possible. There are a few, however, who have not yet seen fit to do so.

The proclamation of the Food Administration designating Tuesdays as wheat and meat days, as well as other sections, so that it would seem that there is really nothing to worry about. But, whether or not there is anything to worry about, now would be the time to find out about it. We say, let us have an election.

NEW STORE AT VESPER

Vesper Pioneer: O. Stolen and Mr. Kibbick have been around here the past week or more getting the farmers of this community interested in Farmers Association store and warehouse for Vesper. They have met with success as over \$7,000 was subscribed for this purpose.

As soon as practicable members of the head office will come here and make arrangements for starting the store by taking over the stock of one of the merchants here, or building a new plant.

A carload of coal has already been shipped in and sold to stockholders at a saving of over \$3 per ton. A great saving will also be effected on lumber, feed and flour.

CONFISCATION REPORTS FALSE

A few days ago there appeared in the Chicago Herald an article stating that certain persons representing it at the offices of the Red Cross, had confiscated canned goods in the homes of people at Rio, Wisconsin. The State Council of Defense has made a thorough investigation and has found the report to be absolutely false. It is of a piece with the pernicious and utterly untrue statements maliciously circulated in Wisconsin that the government would confiscate the canned goods of the people who signed the food pledge cards. All such reports are utterly false.

PATRIOTIC MEET AT
DALY'S OPERA HOUSE

Under the auspices of the Knights of Columbus, and for the purpose of fostering patriotism and an support of the government, there will be a big patriotic meeting held at Daly's opera house Friday evening, November 16th, at 8 p. m. to which the public is invited and for which there will be no admission fee, nor will there be any soliciting for funds for any purpose.

For the purpose of furthering the interests of the government, the Knights of Columbus are holding these meetings throughout the country. The speaker of the evening will be State Senator Roy P. Wilcox of Eau Claire, one of the best known attorneys in the state and an orator of more than state-wide renown. By his uncompromising attitude in support of the government and its war aims and activities during the last

session of the legislature, Senator Wilcox earned the name of "The War Senator" by his stirring address at Wood County Post No. 22 G. A. R. and the Woman's Relief Corps will attend the meeting in a body.

The public is urged to be present and join in the patriotic work and encourage the government in its activities.

In mentioning a similar affair held at Merrill, the Herald has the following to say:

"Merrill's biggest patriotic rally was held at the Badger opera house last evening, when a local branch of the Wisconsin Loyalty Legion was formed. Senator Roy Wilcox of Eau Claire, delivered a stirring address, dealing with the loyalty of American citizens during this great world-wide conflict, in which the United States is now engaged."

"Senator Wilcox is a speaker with a state-wide reputation, and his talk last evening to Merrill people, who filled the opera house to its capacity, was one filled with facts and outlined what every loyal American citizen is expected to do."

"A parade forming at the court house, marched to the opera house. The Merrill Concert band led, followed by the Merrill Training company, and then by a large number of citizens."

"Objectors to the world war who are causing the national administration trouble at the present time, were placed in two classes by the speaker last evening. First, the man who says that this country has not as yet been invaded and that he does not believe in going to Europe to fight; second, the fellow who does not believe that it is justifiable under any circumstances."

"Senator Wilcox said that there was no such thing as 'German-Americans' in the United States; that Americans of German birth were 100 per cent Americans."

"The senator gave a history of all the previous wars that this country had been engaged in and showed that they had all been fought for democracy and liberty. He reviewed the events that had brought the war to America, citing the many violations of international law and humanity which our enemy has committed."

DALY'S THEATRE

—When "The End of a Perfect Day" was first produced several months ago in Chicago, one of the best of the theatres of that city said that it was the beginning of a new era in comedy. The public has wearied of uninteresting drawing-room plays and so the success of "The End of a Perfect Day" has proved that comedy and good fun is what the public wants. "The End of a Perfect Day" will be the attraction at Daly's Theatre tonight.

MARSHFIELD WINS
FROM LOCAL HIGHS

The game of football between the first teams from Marshfield and Grand Rapids on Saturday resulted in a victory for the visitors by a score of 27 to 6.

It was evident from the start that the visitors were going to win the game, as there was no time when the boys made anything like the showing they have in other games, as they visitors played all around them and apparently had no trouble in making steady gains that each time ended in score.

However, it is no more than just to state that our boys played under a severe handicap, for the Marshfield team, before the game that one of our local boys, a former resident of Marshfield, had telephoned the signals that were being used here to the boys at Marshfield, and the result was that the locals made an attempt to work up a new set of signals in the short time at their disposal, which, of course, cannot be done in a day's time, the result being that they were not able to do the playing that they would otherwise have done. An investigation of the matter after the game brought out the information that one of the boys here had talked to a Marshfield boy, and had told him that there was a strong team here and that they would have to come down prepared to put up the battle of their life, but that he had not told any of the signals. Those who heard the telephonic message had apparently drawn upon their imagination to a certain extent and really reported more than they had heard, so that if there was any confusion on account of this matter it was because of the false report that had been circulated rather than from any information that had been imparted to the boys up there. There was no question but what the matter had some bearing on the way the locals played, and to a certain extent was responsible for the trimming that they received. It is regretted, but it is probable that all those interested in the matter thought they were doing only the right thing under the circumstances.

The game between the second teams was as much in favor of Grand Rapids as the other game was for Marshfield. The local score was 3 to 0 in the first half of the game, after which the visitors admitted their defeat and did not play the other half.

Our local boys have made a good showing this year, this having been the first loss they have had, and while they might not have won, it is entirely probable that they would have made a much better showing under normal conditions.

Ralph Mills, who lives near the pavilion in the town of Port Edwards met with an accident Sunday that might easily have proven fatal, but he is now recovering from his injuries. Wheat and meat must be carefully considered. Wisconsin's restaurants and hotels, on the whole, and houses as well, are doing a fine line and conserving meat and wheat in every way possible. There are a few, however, who have not yet seen fit to do so.

The national Food Administration designating Tuesdays as meatless and Wednesdays as wheatless days, is in effect an order from the federal government. Every patriotic citizen is expected to obey the mandates of the Food Administration loyally and without delay.

A few days ago there appeared in the Chicago Herald an article stating that certain persons representing themselves as members of the Red Cross, had confiscated canned goods in the homes of people at Rio, Wisconsin. The State Council of Defense has made a thorough investigation and finds that the report is absolutely false. It is of a piece with the pernicious and utterly untrue statements maliciously circulated in Wisconsin, and it is hoped that the Red Cross will be able to make the people who signed the food pledge cards. All such reports are utterly false.

The highway commission has decided that the new bridge to be constructed across the Wisconsin river between Adams and Juneau counties, shall be located at Pete-en-Well, which is the site of the present bridge. The cost of the new bridge is estimated at \$60,000, of which amount the state of Wisconsin will pay \$20,000; Adams county \$12,407.50 and Juneau county \$26,592.50. The new bridge will be of steel construction with an 18-foot driveway.

Miss Alice Ulberg of Taylor and Mr. Henry Gluesing of Hansen were married at 9:30 o'clock today morning at the Methodist parsonage, Rev. C. C. Becker officiating. They were accompanied by Miss Alvina Gluesing and Mr. Ray Ulberg. The young couple will make their home in the town of Hansen where the groom is engaged in farming.

It is reported that one team of horses on the market square on Sunday morning sold for a record sum of \$12, which is not a very high price for horseflesh. It is admitted, however, that they were not race horses, but Percherons, or anything of that sort.

TOBACCO FOR THE SOLDIERS

One of our public-spirited citizens has had six barrels painted in red, white and blue, so as to be as attractive as possible, and these he has placed about the city in convenient places where people so inclined may drop in a package of tobacco. These barrels will be emptied from time to time and the contents sent to the soldiers, so that any person who drops a package of tobacco into one of the barrels will know that some one of our boys will receive the package in time and that it will no doubt be appreciated by the soldier who receives it. While the barrels have not been out long enough as yet to discover how they will be received by the general public, the experience in other places has been such as to cause the belief that they will become quite popular.

WISCONSIN VOTERS
DO NOT FAVOR PLAN

The plan of Governor Phillips to appoint a successor to the late Paul O. Husting does not seem to be meeting with the favor throughout the state that the governor evidently thought it would. Also in the newspapers throughout the state, with few exceptions, no matter what their political bias, seem to be in favor of having the people elect a United States Senator, and the people in general seem to be pretty much in favor of the same thing.

At certain points, however, on the part of Gov. Phillips that he considered that his state was not loyal to the government, and that he was afraid that the people might elect a man who would be a detriment to the government rather than a help at this time. However, the people have the right to elect their senator, and they are now exercising the privilege. A majority of them are disloyal enough to elect a man who would be a drawback to the government, and a pretty good time to find it out. The idea of electing a senator is different in the minds of different people, and even at the present time there is no reason why every man should not have the chance to express his opinion on the matter.

Personally, we believe that Wisconsin is just as loyal as any of the states, and that the opinions of her citizens have carried out this belief. The young men of the state have responded as readily to the call for service as any other state, and much more so than some of the eastern states whose inhabitants have been doing a lot of worrying about Wisconsin and wondering what we citizens are doing. There is no more difficulty in selling them here than in other sections, so that it would seem that there is really nothing to worry about. But, whether or not there is anything to worry about, now would be the time to find out about it. We say, let us have an election.

PATRIOTIC MEET AT
DALY'S OPERA HOUSE

Under the auspices of the Knights of Columbus, and for the purpose of fostering patriotism and support of the government, there will be a big patriotic meeting held at Daly's opera house Friday evening, November 16th, at 8 p. m., to which the public is invited, and for which there will be no admission fee, nor will there be any soliciting for funds for any purpose.

For the purpose of furthering the interests of the government, the Knights of Columbus are holding these meetings throughout the country. The speaker of the evening will be State Senator Roy P. Wilcox of Eau Claire, one of the best known attorneys in the state and an orator of more than state-wide renown. By his uncompromising attitude in support of the government and its war aims and activities during the last

session of the legislature, Senator Wilcox earned the name of "The War Senator."

Wood County Post No. 22 G. A. R. and the Women's Relief Corps will attend the meeting.

The public is urged to be present and join in the patriotic work and encourage the government in its activities.

In mentioning a similar affair held at Merrill, the Herald has the following to say:

Merrill's biggest patriotic rally was held at the Badger opera house last evening, when a local branch of the Wisconsin Loyalty Legion was formed. Senator Roy Wilcox of Eau Claire, delivered a state address, dealing with the loyalty of American citizens during this great world-wide conflict, in which the United States is now engaged.

Senator Wilcox is a speaker with a state-wide reputation, and his talk last evening to Merrill people, who filled the opera house to its capacity, was one of the best ever heard, and what every loyal American citizen is expected to do.

A parade forming at the court house, marched to the opera house. The Merrill Concert band led, followed by the Merrill Training company and then by a large number of citizens.

Objections to the world war who are causing the national administration trouble at the present time, were placed in two classes by the speaker last evening. First, the man who says that this country has not as yet been invaded and that he does not believe in going to Europe to fight; and second, the man who does not believe that the world war is justifiable under any circumstances.

Senator Wilcox said that there was no such thing as a German-American in the United States; that Americans of German birth were 100 per cent Americans.

"The senator gave a history of all the previous wars that this country had been engaged in and showed that they had all been fought for

Its My Standby for a Cold.

Mrs. Elizabeth Reuther, 1002 11th St., N. W., Washington, D. C., writes: "I endorse Peruna as a splendid medicine for catarrh and stomach trouble, from which I suffered several years. I took it for several months, found my health was restored and have felt splendidly ever since. I now take it when I contract a cold, and it soon rid the system of any catarrhal tendencies."

Those who object to liquid medicines can procure Peruna Tablets.

Raise High Priced Wheat on Fertile Canadian Soil

Canada extends to you a hearty invitation to settle on her FREE Homestead lands of 160 acres each or secure some of the low priced lands in Manitoba, Saskatchewan and Alberta. This year wheat is higher than Canadian land just as cheap, so the opportunity is more attractive than ever. Canada wants you to help feed the world by tilling some of her fertile soil—land similar to that which during many years has averaged 20 to 45 bushels of wheat to the acre. Think of the money you can make with wheat around \$2 a bushel and land so easy to get. Wonderful yields also of Oats, Barley and Flax. Mixed farming in Western Canada is as profitable an industry as grain growing.

The Government this year is asking farmers to put in increased acreage in grain. There is a great demand for farm labor to replace the many young men who have volunteered for service. The climate is healthy and agreeable, railway facilities excellent, good schools and churches convenient. Many a man has fallen down because of a test of his water showed unmistakably that he had kidney disease.

The kidneys are the scavengers and they work day and night. Their signals of distress are easily recognized and include such symptoms as backache, depression, drowsiness, irritability, headache, dizziness, rheumatic twinges, dropsy, gout.

"The very best way to restore the kidneys to their normal state of health and to such symptoms," says Dr. Pierce of Invalids' Hotel, Buffalo, N. Reads Like Fiction. One of the most unusual salvages yet recorded in these days of submarine warfare, says Popular Science Monthly, is that of the Norwegian steamship Kongsli, whose cargo of grain swelled to such an extent on the lush of water through the rugged hole torn in her side by a torpedo, that the hole was clogged up and the water prevented from flowing in and sinking her.

A party of fishermen, climbing aboard to discover the trouble, were amazed to find that the rugged hole on one side and hull plates torn loose on the other by the force of the explosion had been effectively plugged by the swollen grain. The fishermen were afraid to attempt to tow her because the rush of the water along the rugged might have washed away the effective plug. Accordingly, they improvised bales made of cotton filled with grain and forced these into the holes. This made the stoppage secure enough to enable the vessel to be towed to a nearby port.

Love Found the Way.

The spirited story of one of the most romantic weddings of the war was unfolded recently, writes a British correspondent. Lieutenant Wyndham was gassed in France, and taken to Lady Luchscape's hospital. There he fell in love with Lord Incheape's daughter, but the girl's father refused his consent to their marriage. The couple ran away to London, only to find Lord Incheape in hot pursuit, and that Wyndham was wanted for being absent without leave. There followed a chase through London. In the course of which the couple got into telephone booths and changed their clothes, and then walked out under the very noses of the detectives who were waiting for them. They then made their escape to Scotland, where they were married.

RELIABLE REMEDY RESTORES KIDNEYS

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is a physician's prescription. Swamp-Root is a strengthening medicine. Dr. Kilmer used it for years in his private practice. It helps the kidneys, liver and bladder do the work nature intended they should do.

Swamp-Root has stood the test of years. It is sold by all druggists on its merit and it will help you. No other remedy can successfully take its place.

Be sure to get Swamp-Root and start treatment at once.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Dillingham, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

"Can't Cut Off My Leg," Says Railroad Engineer

"I am a railroad engineer; about 20 years ago my leg was seriously injured in an accident out West. Upon my refusing to allow the doctor to amputate it I was told it would be impossible to heal the wound. I have tried all kinds of salves and had many doctors in the past 20 years, but to no avail. Finally I resolved to use PETERSON'S OINTMENT on my leg. You cannot imagine my astonishment when I found it was doing what over 100 things had failed to do. My leg is now completely cured."—Gus Hauff, 709 Myrtle Ave., Brooklyn, N. Y.

"It makes me feel proud to be able to produce an ointment like that," says Peterson. "Not only do I guarantee Peterson's Ointment for all kinds of wounds, but for Eczema, Salt Rheum, Ulcers, Itching Skin and Blinds, Bleeding or Heaving Piles, and I put up a big box for 25 cents, a price all can afford to pay and money back from your druggist if not satisfied." Remunerative Bite.

The old soldier was showing how fields are won.

"The worst time I ever had," he said, "was when we were besieged. We only had one bite a day for a fortnight, and that was horse flesh."

The young soldier sitting at the other side of the taffum clipped in:

"I remember living for a month on one bite, and that was out of my own leg."

The old soldier flushed.

"I don't believe it," he said, angrily. "Believe it or not, it's true!" said the young man. "A dog took a mouthful out of my leg and the compensation kept me like a lord for four weeks."

Friend of Victim Finds Ring on Finger of Lounger in a Hotel.

HE WAS "SOME CHEESE"

Tells Detective He Feared Victim Would Be Robbed, So Helped Himself to Her Valuables—But No "Rough Stuff."

Chicago.—Lolling on one of the divans in Peacock alley at one of the leading hotels, a young man twirled a cane and glanced admiringly at a diamond ring that glistened on his left hand. He wore a blue serge suit, the cut being of the latest pluck back; a silk shirt, fancy cravat, and tan shoes.

In the classical language of Detective Sergeant Percy Wild, who escorted the young man from the hotel to a police cell, he was "some cheese."

A Fountain Pen Samaritan.

Joe Reynolds is the name he gave at the South Clark street station. The diamond ring he wore, also a watch and chain, were taken from the hotel by one morning at Congress street and Wabash avenue. It was what the police call a "stickup with a cannon."

Mr. Reynolds denies using firearms. He says he is too much of a gentleman to carry a gun. What the victim thought was a revolver was only a fountain pen.

"I was afraid," he told Detective Sergeant Wild, "that Mr. Beck, whose name I did not know at the time, would walk into the hands of robbers who might take his valuables. For that reason, to protect him from being beaten up, perhaps, I helped myself to his ring and watch. It was done in a gentlemanly fashion, I assure you. No rough stuff."

It was the peculiar mounting of the ring that led to the arrest of Reynolds. Beck told a friend of his experiences. The friend later walked through Pen-

cock alley. His attention was attracted to the well dressed young man twirling the cane. He saw the ring and recognized it as the one stolen from Beck.

The house detective of the hotel was notified and he telephoned the police. Detectives Wild and Bernacchi were sent to the hotel.

Fearing that Reynolds was armed, the detectives "frisked" him right there in the alley, but found no weapon.

He said he was a magazine solicitor and roomed at 60 West 101 street.

THIEVES VISIT TWO DAYS

They Sleep and Eat in House of Wealthy New York Widow Before Robbing It.

New York.—Detectives are searching for two or more thieves who, they say, passed at least two days and nights in the four-story private residence of Mrs. J. Klingenstein, a wealthy widow, ransacking it from roof to basement and making a clean getaway with everything portable they fancied. Mrs. Klingenstein and several of her children were out of the city.

Several burglaries recently reported in this neighborhood of residences caused the police to assign men in plain clothes to special lookout duty. Entering through the skylight, these floor beneath was wet from the rain, showing the thieves had entered the building before Friday.

One of the beds had been slept on and a decanter of cognac had been emptied.

Man Twisted Inside. Cumberland, Va.—Charles McAuley of Boston, Ga., an expert punch packer, was operated on at the Allegheny hospital, this city, for a perforation of the stomach, and much to the surprise of the surgeons, the operation disclosed the fact that his heart is on his right side, the appendix is on his left side, the spleen on the right and his stomach turned upside down, so that it empties to the left.

Snake With Two Tails. Rocky Point, Ark.—While W. M. Phillips was showing friends over his crop they discovered a chicken snake. They killed it and found the snake had a tail at each end. The snake, which was about four feet long, had under-taken to swallow a snake of the coon whip variety, which was about five and one-half feet long. It had swallowed its full length of the snake.

Transferred. "I hope you liked the pie, Henry," ventured a young wife, casting an anxious glance at her husband soon after dinner. "I bestowed great pains on the crust."

"I thought you did, my dear," he said, "for I've got the pains now."

On These Dessert Molds, if You'll Try Jiffy-Jell

This is to every housewife who will this week try these new-grade gelatin desserts. We will save you two-thirds on a set of Aluminum dessert molds—molds that will last you a lifetime.

Jiffy-Jell is the supreme dessert. It is the only quick dessert made with Waukesha gelatin, which costs twice as much as the common.

It is the only dessert made under Otis E. Glidden, the leading gelatin expert.

It is the only dessert with true fruit flavors in sealed vials.

All fruit flavors in Jiffy-Jell are made from the fruit itself. All are highly concentrated. For instance, half a ripe pineapple is used to flavor a single Jiffy-Jell dessert.

The flavors come sealed in glass, so they keep their wealth of fresh-fruit taste. Each package contains a bottle. You add the flavor when the jell has partly cooled, so the hot water doesn't cook it.

So a Jiffy-Jell dessert tastes like a crushed fruit dainty. The flavor will amaze you. It will bring you an entirely new conception of these quick, fruity dainties.

A French woman with a sense of humor once told this story.

As she glanced up, panting, she thought she saw a woman descending. She said to herself: "Well, if I were that fat old woman I should know better than to dress in that ridiculous way."

When she reached the head of the stairs she confronted herself.

Laughter and Music Featured a Social Event Attended by American and English Officers.

As one of the contrasts of war I shall not soon forget the American ten party in one of the hospital tents, writes a New York correspondent.

Not far away was a military cemetery which grows and grows with its forest of crosses, and in the tents near by American surgeons and American nurses were dealing with wounded men just down from the front. But in the other tent to which I went as a guest there was merry music played by English bandmen, and all the tent was filled with color from the intertwined flags of America and England among great bouquets of the summer flowers of France. Above the music rose laughter and the voices of American and English officers and nurses.

It was a tea party given by the nurses of the American medical unit which had been working over here for a year to the newcomers of the United States Medical Corps and to British officers from the neighboring tents. There were greetings between college girls who had come together as comrades again in this great adventure on French soil. Young doctors from the Southern states held out a glad hand to friends from New York and Chicago. Here were breezy salutations between Georgians and Virginians, between men of Cincinnati and girls of Boston and Atlanta City.

Timely Evidence. "Have you a recommendation from your last place?"

Housekeepers Can Save \$200,000,000 on Food

In these days when the high cost of living pinches nearly every home, no waste should be overlooked. One of the most rampant and the most easily prevented is the destruction of food by rats. One rat will often do a hundred dollars' damage of food and property in a single night, and a careful estimate gives over \$200,000,000 as the value of foodstuffs destroyed annually by these pests. Exterminate them with Stearns' Paste and save this enormous loss of food. A small box of Stearns' Paste costs only 35 cents and is usually enough to completely rid the house of rats and mice, also effective against cockroaches and waterbugs. Adv.

Royal Baking Powder

saves eggs in baking

In many recipes only half as many eggs are required, in some none at all, if an additional quantity of Royal Baking Powder is used, about a teaspoon, in place of each egg omitted.

Try the following recipes which also conserve white flour as urged by the government.

Corn Meal Griddle Cakes

1 1/2 cups corn meal
1 cup boiling water
1/2 cup milk
1 tablespoon shortening
1 tablespoon molasses
1/2 cup flour
1 teaspoon salt
4 teaspoons Royal Baking Powder

NO EGGS

Soak corn meal in bowl with boiling water; add milk, molasses and salt; mix thoroughly; add flour and baking powder which have been sifted together; mix well. Bake on hot greased griddle until brown. (The Old Method called for 2 eggs)

Eggless, Milkless, Butterless Cake

1 cup brown sugar
1/2 cup water
1 cup seeded raisins
1 cup molasses
1 cup flour
1/2 cup shortening
5 teaspoons Royal Baking Powder

Boil sugar, water, fruit, shortening, salt and spices together in saucepan 5 minutes. Then cool, add flour and baking powder which have been sifted together. Mix well; bake in loaf pan in moderate oven about 45 minutes. (The Old Method called for 2 eggs)

Raise High Priced Wheat on Fertile Canadian Soil

Canada extends to you a hearty invitation to settle on her FREE Homestead lands of 160 acres each or secure some of the low priced lands in Manitoba, Saskatchewan and Alberta. This year wheat is higher but Canadian land just as cheap, so the opportunity is more attractive than ever. Canada wants you to help feed the world by tilling some of her fertile soil—and similar to that which some years ago has averaged 20 to 45 bushels of wheat to the acre. Think of the money you can make with wheat around \$2 a bushel and land as easy to get. Wonderful yields also of Oats, Barley and Flax. Mixed farming in Western Canada is as profitable an industry as grain growing.

The Government this year is making farmers to put to work on the land. This is a great demand for farm labor to replace the many young men who have volunteered for service. THE LAST EXAMINATION OF WAX'S DRAFT

Many a man has fallen down because of his kidney disease. The kidneys are the scavengers and they work day and night in separating the poisons from the blood. Their signals of distress are easily recognized and indicate such symptoms as backache, depression, drowsiness, irritability, headaches, rheumatism, rheumatic twinges, dropsy, etc.

"The very best way to restore the kidneys to their normal state of health and cure such symptoms," says Dr. Pierce of Invalids' Hotel, Buffalo, N. Y., "is to drink plenty of water and take your favorite pharmacy a 60-cent bottle of An-Kid, double strength, which is dispensed by almost every druggist." You will find An-Kid more potent than lithia, dissolves uric acid almost as water does sugar. Large package 60 cents. Send Dr. Pierce free for trial pkg. and ask for advice if there is need.

It was the peculiar mounting of the ring that led to the arrest of Reynolds. Beck told a friend of his experiences. The friend later walked through Pe-

cock alley. His attention was attracted to the well dressed young man twirling the cane. He saw the ring and recognized it as the one stolen from Beck.

The house detective of the hotel was notified and he telephoned the police. Detectives Wild and Bernacchi were sent to the hotel.

Pearing that Reynolds was armed, the detectives "fished" him right there in the alley, but found no weapon. He said he was a magazine solicitor and roomed at 66 West Ohio street.

They Sleep and Eat in House of Wealthy New York Widow Before Robbing It.

New York.—Detectives are searching for two or more thieves who, they say, passed at least two days and nights in the four-story private residence of Mrs. J. Klingenstein, a wealthy widow, ransacking it from roof to basement and making a clean getaway with everything portable they fancied. Mrs. Klingenstein and several of her children were out of the city.

Several burglaries recently reported in this neighborhood of residences caused the police to assign men in plain clothes to special lookout duty. Entering through the skylight, these and other policemen found that the floor beneath was wet from the last rain, showing the thieves had entered the building before Friday.

One of the beds had been slept on and a decanter of cognac had been emptied.

Man Twisted Inside. Cumberland, Va.—Charles McAnley of Boston, Ga., an expert punch boxer, was operated on at the Allegheny hospital, this city, for a perforation of the stomach and, much to the surprise of the surgeons, the operation disclosed the fact that his heart is on his right side, the appendix on the left, the spleen on the right and his stomach turned upside down, so that it empties to the left.

Snake With Two Tails. Rocky Point, Ark.—While W. M. Phillips was showing friends over his crop they discovered a chicken snake. They killed it and found the snake had a tail at each end. The snake, which was about four feet long, had undertaken to swallow a snake of the coon which was about five and one-half feet long. It had swallowed its full length of the snake.

Transferred. "I hope you liked the pie, Henry," ventured a young wife, casting an anxious glance at her husband soon after dinner. "I bestowed great pains on the crust."

"I thought you did, my dear," he said, "for I've got the pains now." People's Home Journal.

Two Kinds. "Who's the girl?" "Hiram Wildflowers, our local weather prophet."

"Is he a pessimist or an optimist?"

On These Dessert Molds, if You'll Try Jiffy-Jell

This is to every housewife who will this week try these new-grade gelatin desserts. We will save you two-thirds on a set of Aluminum dessert molds—molds that will last you a lifetime.

Jiffy-Jell is the supreme dessert. It is the only quick dessert made with Waukesha gelatin, which costs twice as much as the common.

It is the only dessert made under Otis E. Glidden, the leading gelatin expert. It is the only dessert with true fruit flavors in sealed vials.

All fruit flavors in Jiffy-Jell are made from the fruit itself. All are highly concentrated. For instance, half a ripe pineapple is to flavor a single Jiffy-Jell dessert.

The flavors come sealed in glass, so they keep their wealth of fresh-fruit taste. Each package contains a bottle. You add the flavor when the jell has partly cooled, so the hot water doesn't cook it.

So a Jiffy-Jell dessert tastes like a crushed fruit dainty. The flavor will amaze you. It will bring you an entirely new conception of these quick, fruity dainties.

Ten Flavors in Glass Vials

Mint for Mint Jell, Lime for Lime Jell, Raspberry Cherry Loganberry, Strawberry Pineapple Orange Lemon, Desserts Also Coffee Flavor

Murder Will Out. A French woman with a sense of humor once told this story.

She was walking up a flight of stairs in one of those Paris apartment houses with a mirror at the head of each landing.

As she glanced up, panting, she thought she saw a woman descending. She said to herself: "Well, if I were that fat old woman I should know better than to dress in that ridiculous way."

When she reached the head of the stairs she confronted herself.

Laughter and Music Featured a Social Event Attended by American and English Officers.

As one of the contrasts of war I shall not soon forget the American tea party in one of the hospital tents, writes a New York correspondent. Not far away was a military cemetery which grows and grows with its forest of crosses, and in the tents near by American surgeons and American nurses were dealing with wounded men just down from the front. But in the other tent to which I went as a guest there was merry music played by English musicians, and all the tent was filled with color from the intertwined flags of American and English nations.

It was a tea party given by the nurses of the American medical unit which had been working over here for a year to the newcomers of the United States Medical corps and to British officers from the neighboring

LOCAL ITEMS

Jesse Kenyon has accepted a position with the Electric and Water Co. Attorney B. R. Goggin expects to leave this week for Washington, D. C. on legal business.

Mr. and Mrs. A. F. Jones spent several days in Chicago the past week taking in the sights.

Rev. C. A. Mellick returned Wednesday from Watertown where he had spent a couple of days.

Gilbert Sandman, son of Mr. and Mrs. John Sandman of the west side, is now stationed with Company F, 13th Engineers, Camp Dodge, Iowa.

Morian Hazza recently enlisted in the United States Marine Corps and left on Friday for Paris Island, South Carolina, where he will go into training.

The dance, given by the Mystic Workers at their hall on Tuesday evening was fairly well attended and everybody reported having had a good time.

W. H. Schmidt of the town of Rudolph was among the pleasant callers at the Tribune office this morning. Mr. Schmidt is advertising his 80-acre farm for sale.

Mrs. S. Crotteau and Mrs. N. O. Ratelle of Rudolph were in the city on business Tuesday. While here they favored the Tribune office with a pleasant call.

Mrs. Lloyd Allen spent several days at Camp Grant, near Rockford, Illinois, during the past week, where she visited Mr. Allen, who is there with the soldiers boys.

The home of Reuben Connor at Auburndale was completely destroyed by fire on Monday afternoon. The house was one of the oldest landmarks in Auburndale.

Mr. and Mrs. P. Turbin, Miss Elizabeth Horschel and Walter Horschel are in Watertown this week where they went to attend the funeral of Rev. Francke.

Steve Green of the town of Sigel who returned from Canada two weeks ago where he had been employed as a summer helper, departed on Wednesday night for Vancouver, British Columbia.

County Clerk Sam Church returned from Wausau on Friday where he had been to undergo a second operation on his nose. He has since recovered sufficiently to be able to resume his duties at the court house.

Mrs. C. P. Bandelin entertained a party of friends at her home on Thursday afternoon of last week, on which occasion there was a very delightful time for all concerned. The afternoon was closed with delightful refreshments.

Miss Ruth McCamley returned on Tuesday from Milwaukee where she had been with her mother the past week, who underwent a surgical operation. She reports that her mother is getting along nicely and that she will be home next week.

Seth Jones of Cincinnati, Ohio, spent several days in the city the first of the week visiting with his parents, Mr. and Mrs. W. R. Jones. Seth is traveling for a large wholesale paper house, accompanied one of his employees on an inspection tour of the paper mills in the state.

The Winniegar Company closed a week's engagement at Daly's Theatre Saturday night when they put on some pretty good shows while in the city and were favored with good business during their stay here. This company is fully as good as any that they have brought to this city heretofore, and the public was well satisfied with the entertainment they furnished.

August Karth, Jr. of the town of Rudolph, was among the business callers at the Tribune office on Wednesday. Mr. Karth reports that he got most of his potatoes out of the ground before the heavy freeze of October, and that the snow on the ground prevented most of the others from being damaged. He states that while the snow blew off the ground it froze down for a distance of four inches, doing considerable damage on the bare spots.

—The largest and most complete line of dolls ever shown in town is now on display at Howard's Variety store at prices from 5c to \$5.00.

Mr. and Mrs. Fred Stamm received word last week from their son Walter who has been stationed at Paris Island, where he is a member of the Marine Corps, to the effect that he expected to be moved in company with a number of others, but could not state where he was going. Steve Schwabke, who is also there, wrote his friends that he was expecting to go aboard a boat within a few days, but was unable to give any definite information as to where he would be stationed.

Editor C. E. McKee of Pittsfield was in the city on Friday on business and while here he favored the Tribune office with a pleasant call. When asked regarding the feeling at Pittsfield regarding the skipping of that place by the new federal highway he stated that the people over here were pretty well satisfied, as they did not want anything. He stated, however, that it was his opinion that the new road should run thru the town of Sigel direct to Vesper instead of around by way of Seneca Corners as laid out by the committee.

Lieut. George DeBrug, who has been at Battle Creek, Michigan, for some time past, spent several days in the city the past week visiting with friends. From here he goes to Jacksonville, Florida, where he will take up his work again with the army. George was formerly employed in the First National Bank in this city and has many friends in the city who were pleased to meet him again and to note that he is getting along so nicely. He was accompanied here by his friend, Capt. Garrett, who was also on his way to Jacksonville.

DEATH OF HENRY KRUGER

Henry Kruger, the son of Mr. and Mrs. Gust Kruger, who reside on 16th street east of the city, died at his home on Monday after an illness of about two weeks. The young man was born in this city where his parents now reside and has lived in this community all his life. Had he lived until his next birthday he would have been 22 years of age. The funeral will be held this afternoon from the First Baptist church. Rev. C. A. Mellick conducting the services. The parents have the sympathy of the community in their sad affliction.

COUNTY BOARD MEETS

The county board met in this city in the regular fall session on Tuesday and the members have since been laboring with the regular routine business. So far as can be learned at the present time there is nothing very much out of the ordinary to come up at this session of the board, and it is probable that the session will not last very long. Harry Thomas of the town of Sherry is chairman of the board.

It is expected that the board will be asked to have the system of curatorial street lighting extended up Baker street to the end of the county property. As this street is now paved and in first class shape the extension of the lighting system would do much in the way of beautifying the city in that section and would be well worth the investment.

—A most complete line of framed pictures is on display at Howard's Variety Store, priced from 10c to 75c.

MIGHT BE A GOOD IDEA TO UNITE ON A CANDIDATE

James G. Monahan of Darlington suggests that the people of Wisconsin unite on a man for United States senator to fill the place of the late Paul O. Husting, regardless of party lines and elect a man that is 100 per cent American.

At a time like the present there should be no party differences, and it is doubtful if any man who has the good of his country at heart, would object to such a plan. Any man who has shown himself to be right all the way thru this present trouble would have the hearty support of the people at large, no matter what his political beliefs might be. The object at the present time is to have a good loyal American to take the place of our departed Senator, and it is the best time in the history to forget about political bias.

FOR SALE.—Phillips' latest map of the city at this office.

Miss Mabel Benson has returned from a visit at Fond du Lac.

"Our country" in her inexperience with foreign nations, may she always be in the right; but our country, right or wrong."—Stephen Decatur.

ANEXT WOMAN SUFFRAGE

The fact that woman suffrage carried in New York at the last election by a big majority probably opened the eyes of conservative voters more than anything that has happened for a number of years, and it shows the tendency of the times along this line, indicating at the same time that it will not be many years before the woman of the land will be allowed to vote in every state in the Union.

When some of the western states carried woman suffrage the consensus of opinion was that this came about because there were very few women in those states and that it made very little difference in the general result whether they voted or not. At the same time the statement was made that the proposition would never carry in the east, because there the women were in much greater numbers outnumbering the men in many states, and the result would be that suffrage was extended to them they would forever afterward mold the destinies of the political situation. This looked plausible at the time the statement was made, but it seems that the best of forecasters may be mistaken, for in the extension of suffrage to the women of New York that looked the best to them, rather than the fellow that was best fitted for the job. This may be true, but even if it is, there reason would then be just as good as that which governs the average man when he casts a ballot on election day. However, we do not believe this to be true, for when we size up some of the fellows that women pick out to spend their lives with, we feel convinced that looks do not cut much figure. At any rate, we feel that it will not be many years before all of the women of the country will be allowed to express their opinion at the polls, and we believe that they will display just as much brains in the selection of a candidate as the men of the country have done in the past.

WAR WORK AT NAVY YARDS
Washington, D. C., Nov. 13.—Nearly 55,000 appointments were made to the navy yards, hospitals, messes and laborers at navy yards and other naval establishments during the fiscal year ended June 30, 1917, and since that date appointments have been made in increased proportions.

An appropriation of \$7,500,000 is now being expended in the enlargement of the great naval gun factory at Washington, which, when completed, will furnish employment for 10,000 or more skilled mechanics, in addition to the 8,000 already at work in the plant. In this mammoth factory, one of the best equipped and most interesting in the world, are built the great guns for our war vessels, which carry to every corner of the message of America's ability to protect herself and to safeguard the rights of her citizens wherever they may be.

The new naval aircraft factory at Philadelphia, which will be completed this month, will also employ about 3,000 men.

The workers who man such plants are of a superior class, and they feel a personal pride in turning out products that will stand the test of conflict with the weapons of other nations. A considerable part of the building of war vessels is also done in government yards.

The United States Civil Service Commission, which is charged with the duty of recruiting the ranks of this great civilian army, thru its widespread organization is furnishing the men who are needed. In certain trades, particularly those connected with shipbuilding, there is usually a shortage. Sailmakers, copersmiths, slipfitters, anglesmiths, blacksmiths and machinists are especially needed. Women to operate power sewing machines are also in great demand. The representatives of the Civil Service Commission at the postoffices in all cities are the official recruiting agents for this as well as other branches of the service. The commission urges competent mechanics to offer their services to the government at this time of great need.

Wasson Pilot: Fox furms and skunk farms are great money-makers in this section. No one has started in the latter as yet, but the animals thrive in this climate. In the fox business, brothers in the town of Danbury, have raised 100 black or silver gray foxes this year, and have increased their stock some 200. A consignment of pelts brought them \$300 apiece recently. Why not raise more of them. This is a suggestion to the ambitious young man.

Bless Her Heart!

Mr. and Mrs. Fred Stamm received word last week from their son Walter, who has been stationed at Parris Island, where he is a member of the Marine Corps, to the effect that he expected to be moved in company with a number of others, but could not state where he was going. Steve Schwelke, who is also there, wrote his friends that he was expecting to go aboard a boat within a few days, but was unable to give any definite information as to where he would be stationed.

Editor C. E. McKee of Pittsfield was in the city on Friday on business and while here he favored the Tribune office with a pleasant call. When asked regarding the feeling at Pittsfield regarding the shipping of that place by the new federal highway he stated that the people there were pretty well satisfied, as they did not want everything. He stated, however, that it was his opinion that the new road should run thru the town of Steel direct to Vesper instead of around by way of Seneca Corners as laid out by the committee.

Lieut. George DeBruin, who has been at Battle Creek, Michigan, for some time past, spent several days in the city the past week visiting with friends. From here he goes to Jacksonville, Florida, where he will take up his work again with the army. George was formerly employed in the First National Bank in this city and has many friends in the city who were pleased to meet him again and to note that he is getting along so nicely. He was accompanied here by his friend, Capt. Garrett, who was also on his way to Jacksonville.

Mrs. David McCathie of Westfield is visiting with her son, J. W. McCathie.

A son was born to Mr. and Mrs. Walter Zentgraf at the Riverview hospital on Wednesday, Nov. 7.

Mrs. George Ebert of New London spent several days in the city last week visiting with friends and relatives.

Mrs. Ed Snier and daughter Janet of Marshfield visited with her parents, Mr. and Mrs. Chas. Kluge, over Sunday.

—Howard's Variety Store is showing a large line of white ivory toilet articles and novelties priced from 2c up to \$2.00.

R. A. Keyser one of the bustling young farmers of the town of Rudolph, was a pleasant caller at this office on Friday.

Walter Covey died at the poor farm last Thursday. Mr. Covey had been an inmate the past year and came from Pittsville. Deceased was 67 years of age.

Clark Chase, son of Mr. and Mrs. Chris Chase of Chenoque, Montana, former residents of this city, is a member of the 163d Infantry band at Charlotte, North Carolina.

George Peterson, one of the solid farmers of the town of Saratoga, was a pleasant caller at this office Tuesday while in the city attending the stock fair.

Mr. and Mrs. Otto Hansen of Strong's Prairie were in the city on Friday and spent the day visiting with friends and doing some shopping. They were accompanied by their daughter Louise and Earl Tines of Milwaukee.

Martin Carlson of Vandreis, who has made his home down in that country during the past six years, where he has been engaged in farming, left the fore part of the week for Grand Rapids, where he expects to make his home in the future. He has sold his stock on the farm but retains possession of the place.

W. E. Nash returned on Saturday from a trip thru the south on business, and while down there he visited the soldiers at Waco, where he met many of the boys from this city. They were all enjoying the best of health and were in the best of spirits. Mr. Nash states that the dust there is about a foot deep owing to the fact that they have had no rain this fall of any account. However, little inconveniences like this do not hamper the boys in the least and they make a joke of the whole affair.

Word has been received that Clement J. Pound is now located at Camp A. L. Mills, Long Island, New York, which camp the soldiers call "the last place on earth." After having been at Camp Custer, Michigan, and a number of other reservations, was transferred to the National Guard and sent to Camp Green, North Carolina, where the 41st Division was being concentrated and where he was attached to the 161st Infantry regiment, one of the crack regiments of the National Guard.

About two weeks ago the division was moved to Camp Mills to succeed the 42nd Division, which has lately "gone across."

COUNTY BOARD MEETS

The county board met in this city in the regular fall session on Tuesday and the members have since been laboring with the regular routine business. So far as can be learned at the present time here is nothing very much out of the ordinary to come out of this session of the board, and it is probable that the session will not last very long.

Thomas of the town of Sherry, chairman of the board. It is expected that the board will be asked to have the system of criminal street fighting extended up Baker street to the end of the county property. As this street is now paved and in first class shape the extension of the lighting system would do much in the way of beautifying the city in that section, it would be well worth the investment.

—A most complete line of framed pictures is on display at Howard's Variety Store, priced from 10c to 75c.

MIGHT BE A GOOD IDEA TO UNITE ON A CANDIDATE

James G. Monahan of Burlington suggests that the people of Wisconsin unite on a man for United States senator to fill the place of the late Paul O. Husting, regardless of party lines and elect a man that is 100 per cent American.

At a time like the present there should be no party differences, and it is doubtful if any man who has the good of his country at heart, would object to such a plan. Any man who has shown himself to be right all the way thru this present trouble would have the hearty support of the people at large, no matter what his political beliefs might be. The object at the present time is to have a good loyal American to take the place of our departed Senator, and it is the best time in the history to forget about political bias.

FOR SALE—Phillips' latest map of the city at this office.

DALY'S THEATRE

Theatre goes of this city are showing an unusual amount of interest in the engagement of "The End of a Perfect Day," which will occur tonight at Daly's Theatre as they have faith in Messrs. Gaskell and McVitty, the producers, who are proven exponents, and their exceptional plays filled with a good sense of humor and a love of fun. During the past several seasons this firm has presented many successful attractions.

Howard McKent Barnes, who is author of "Kalama of the Golden Gods," is responsible for "The End of a Perfect Day." In several big cities where it has been presented this year critics have bestowed praise in lavish manner upon this delicious comedy, for no day is perfect without joy and this play seems to be a batch of smiles.

He was accompanied here by his friend, Capt. Garrett, who was also on his way to Jacksonville.

DEATH OF HENRY KRUGER

Henry Kruger, the son of Mr. and Mrs. C. H. Kruger, who resided on 14th street east of the city, died at his home on Monday after an illness of about two weeks. The young man was born in this city where his parents now reside and has lived in this community all his life. He had lived until his next birthday he would have been 22 years of age. The funeral will be held this afternoon from the First Moravian church. Rev. C. A. Mellick conducting the services. The parents have the sympathy of the community in their sad affliction.

Martin Carlson of VanDreissen, who has made his home down in that country during the past six years, where he has been engaged in farming, left the fore part of the week for Harvey, Illinois, where he expects to make his home in the future. He has sold his stock on the farm but retains possession of the place.

W. E. Nash returned on Saturday from a trip thru the south on business, and while down there he visited the soldiers at Waco, where he met many of the boys from this city. They were all enjoying the best of health and were in the best of spirits. Mr. Nash stated that the dust there is about a foot deep owing to the fact that they have had no rain this fall of any account. However, little inconveniences like this do not hamper the boys in the least and they make a joke of the whole affair.

Word has been received that Clement J. Freund is now located at Camp A. L. Mills, Long Island, New York, which camp the soldiers call "the last place on earth." After having been at Camp Custer, Michigan, a cantonment a few weeks he, along with a number of other reservists, was transferred to the National Guard and sent to Camp Greene, North Carolina, where the 41st Division was being concentrated and where he was attached to the 161st Infantry regiment, one of the crack regiments of the National Guard. About two weeks ago the division was moved to Camp Hill to succeed the 42nd Division, which has lately "gone across."

COUNTY BOARD MEETS

The county board met in this city in the regular fall session on Tuesday and the members have since been laboring with the regular routine business. So far as can be learned at the present time here is nothing very much out of the ordinary to come up at this session of the board, and it is probable that the session will not last very long. Harry Thomas of the town of Sherry is expected that the board will be asked to have the system of criminal street lighting extended up Baker street to the end of the county property. As this street is now paved and in first class shape the extension of the lighting system would do much in the way of beautifying the city in that section and would be well worth the investment.

MIGHT BE A GOOD IDEA TO UNITE ON A CANDIDATE

James G. Monahan of Darlington suggests that the people of Wisconsin unite on a man for United States senator to fill the place of the late Paul O. Huston, regardless of party lines and elect a man that is 100 per cent American.

At a time like the present there should be no party differences, and it is doubtful if any man who has the good of his country at heart, would object to such a plan. Any man who has shown himself to be right all the way thru this present trouble would have the hearty support of the people at large, no matter what his political beliefs or herod. The object at the present time is to have a good loyal American to take the place of our departed Senator, and it is the best time in the history to forget about political bias.

FOR SALE.—Phillips' latest map of the city at this office.

DAILY'S THEATRE

Theatre goers of this city are treated in an unusual amount of interest in the engagement of "The End of a Perfect Day," which will occur tonight at Daily's Theatre as they have faith in Messrs. Gaskill and McVitty, the producers, who are proven exponents, and their exceptional plays filled with a good sense of humor and a love of fun. During the past several seasons this firm has produced many successful attractions.

Howard McKent Barnes, who is author of "Kalama of the Golden Gods," is responsible for "The End of a Perfect Day." In several big cities where it has been presented this year critics have bestowed praise in lavish manner upon this delicious comedy, for no day is perfect without joy and this play seems to be a batch of smiles.

GENERAL HOLWAY ASKS FOR MORE MEN

Adjutant General Holway has sent out a request to county and city councils of defense, asking for 1200 men from the state of Wisconsin to bring up General Boardman's Wisconsin Brigade to war strength.

The communication that has been addressed to these organizations is in part as follows:

"Twelve hundred recruits are needed to bring General Boardman's Wisconsin Brigade up to war strength. Highly important these men should be obtained by recruiting in the state at the earliest possible moment. This Division on account of its advanced state of instruction will be among the first to go to Europe. It is earnestly requested that the state organizations give every possible assistance to hastening recruiting to the maximum required. State agents such as the county Councils of Defense can assist very materially by securing recruits from their own counties and turning them over to the nearest United States Recruiting Officer who will forward them in the regular manner prescribed by the Secretary of War. This plan is fully concurred in by General Boardman and all other Wisconsin officers."

Brigadier General Charles R. Boardman assures that, so far as come organizations and all of them to Wisconsin units.

The Adjutant General of the army telegraphs from Washington: "Recruiting officers Chicago and substitutions will cooperate in securing recruits for Wisconsin National Guard organizations at Camp McArthur. Deemed best to send accepted applicants to depot for enlistment in regular way. Those enlisted will be forwarded without delay from depot to Camp McArthur."

McCaig, Adjutant General, "One hundred men now are worth a thousand when it is too late."

A few hundred men will complete a Wisconsin Brigade which its Division Commander reports almost ready for war service.

All city and county Councils of Defense and their members are urged and requested to give the greatest publicity possible to this appeal from army authorities, and to personally aid in procuring for enlistment the men needed.

The United States army recruiting stations at Milwaukee, Madison, Green Bay, Grand Rapids, Eau Claire, Superior and LaCrosse will receive and forward at once applicants for enlistment.

All draft boards have been authorized to furnish, board and lodging for such applicants until they can be accepted and taken over by an army recruiting officer.

Men qualified to enlist; citizens of age eighteen to thirty; years in civilian life; of good character. Married men to be accepted only when dependents are well cared for.

Registered men who have not yet been called by local boards for physical examination are eligible to be voluntarily enlisted.

O. HOLWAY,
Adjutant General.

FARMERS MEDICINE CHEST

By Dr. A. N. Alexander
University of Wisconsin

Wounds

The medicine chest should contain for disinfecting (germ destroying) purposes, a bottle of bichloride of mercury tablets. Directions for use are given upon the label. One pint bottle of carbolic acid in addition to a one-gallon can of coal tar disinfectant, such as zeneolene, disinfectant, chlorophenol, etc. The carbolic acid is given internally in one and two teaspoonful doses diluted with water and mixed in soft feed every other night as a preventive of contagious abortion. It is not a specific remedy, but it is popular with many cattle owners. The coal tar disinfectant has a hundred uses on the farm for wounds and disinfecting purposes. Directions for use are given on the label of the can.

While lotion for wounds is made by mixing 1 ounce of acetate (sugar) of lead, and 5 drams of sulphate of zinc in 1 pint of soft water. Shake well before use. Always keep lead and zinc on hand for this purpose. Sulphate of copper (blue stone) also will be needed for dusting on proud flesh and for use in lotions for sores, foul in the foot, foot rot of sheep, and ringworm.

Tincture of iodine must be found in every medicine chest for use on wounds and swellings and for ringworm. The ointment, too, is much used for swellings, garget, and troublesome indigestion.

In addition to destroying worms, having the teeth put in order by a veterinarian, and being more careful in feeding, the following drugs will be found useful:

Chalk. In the powdered or prepared form 1 teaspoonful to 1 tablespoonful doses for young or old scouring animals. Give in bolus or mixed with ginger, soda, rhubarb, alum, magnesia, or bismuth in 1 teaspoonful doses.

Charcoal. Powdered wood charcoal may be given freely to any animal that has indigestion. It helps hogs wonderfully, also is useful in wind colic.

Ginger, and gentian root, powdered, are valuable in condition powders and for indigestion, as tonic cathartics. The dose for horses and cattle is 1 to 2 teaspoonfuls. Sheep and hogs take 20 to 60 grains at a dose. The tincture of fluid extract also is given in fluid extract, or liquid medicines. Dose of fluid extract, 1 teaspoonful; of tincture, 1 to 4 teaspoonfuls.

Lime. Allow hogs free access to slaked lime, wood ashes and charcoal. Give lime water freely in milk to calves or lambs suffering from indigestion or scours. Slaked lime also is useful as a drying powder dusted upon the navel or a wound.

Nux Vomica (poison). The powdered drug, tincture or fluid extract, may be given in weakness cases, chronic indigestion, constipation or paralysis, under direction of the veterinarian who may personally prefer to give strychnine, the alkaloid of

DODGE BROTHERS MOTOR CAR

In Mexico and on the American border it has distinguished itself in government service.

The government is taking as high as 300 of these cars per day for service in the army. A person familiar with the rigid specifications of army supplies will appreciate the full meaning of this.

The gasoline consumption is unusually low. The tire mileage is unusually high. The price of the Touring Car or Roadster complete is \$335 00 (f. o. b. Detroit).

80 Per Cent of Family Trouble is Due to Money Matters

A surprisingly large number of American family troubles are due to money matters. There is no system to their spending; they spend as they go and the family expenses soon run away with all sane business principles.

Handle your household accounts by check. Have a receipt and an accurate account of all expenditures. Each check—returned—shows to whom, how much, and when you paid out money for household expenses.

Get Your Supply of Rubber Footwear Now

All indications point to an extreme shortage in rubber footwear within the next couple of weeks due to various reasons beyond the control of rubber manufacturers, who have been working night and day in an endeavor to supply the demand.

Prices remain where they have been since January 1st, but we cannot guarantee to supply your wants after our present stock is exhausted.

We now have a good supply of heavy rubbers with leather tops; Arctics in one and four-buckle styles; felt boot combinations and other special styles. Also a fair supply of light weight or mud rubber for every member of the family.
